FELLOWSHIP DAY MESSAGE 2017

Dear members and Friends.

Greetings from the New Committee,

I would like to congratulate upon the completion of the 28th World Conference held in Bali Indonesia.

In the same spirit, I would like to extend our sincere appreciation for electing us in office to serve our beloved fellowship for the next 3 years. Thanks for the responsibility you have entrusted with us.

As we celebrate our Fellowship Day 2017, we need to remember that the world is hurting so much and needs a healing and part of the healing will come from all of us.

There so much needs going on in the world ranging from hunger, sickness, poverty and now the refugee crisis in most parts of the world.

Dear friends, as it was presented during the conference, we need to remember and extend our hearts to refugees all over the world and in particular to refugees from southern Sudan settling IMVEPI in Uganda.

On this day of our Fellowship, we would like to take this opportunity to launch The Refugee Shelter project for IMVEPI in Uganda. <http://www.isgf.org/index.php/en/download/projects/refugees-south-sudan>

We need your support to raise money to provide shelter/tents for 1000 families who badly need them. And we will work to complete all other projects like HAITI until completion.

There is enough resources for all of us in the world if only those who have more are willing to share with those who have less or none. As we celebrate this important day to us, think of an action you can do to bring a smile to a person in need.

As our founder Lord Baden-Powell encouraged us to leave the world a little better than we found it, urge you to make your community a little better than it was yesterday.

As the team will do our best to support these initiatives as we extend our hearts to you.

We therefore take this opportunity to launch this project on this Fellowship day.

Yours in Fellowship

Mathius Lukwago

Chairman

ISGF World Committee
